Lewisville School Wins at Hardisty Musical Festival

Competing at Hardisty on April 27, in the A.T.A. dramatizing competition against Hardisty and five other schools, Lewisville school won first in their stage presentation, "The Adoption of Anne," an episode taken from the story "Anne of Green Gables."

In Wainwright at the musical festival held on May 15 and 16, presenting the same play they won first again and secured the Cork Cup as a reward for their outstanding work in the rural dramatizing competition. The presiding judge, Mrs. Haynes, of Edmonton, highly commended them for their clever presentation.

Again on June 2nd, at Czar, competing against one high school team and two rural ones, our Lewisville team won first and brought home the A.T.A. shield for dramatization.

Lewisville school certainly deserves the wholehearted commendation of the district for their great work in winning these honors and bringing these trophies home to rest in our school. To our teacher, Miss G. Siebrasse, goes the credit for making this great little team of actors. The team's success in winning all these events was due to her unstinted efforts and patience in training her pupils. The action, word perfect lines and the confidence of these young actors on the stage certainly showed what great pains and patience Miss Siebrasse had taken with our children in training them for this presentation.

The leading part, "Anne" played by Miss Ida M. Reber, was played true to life by this little actress. Word perfect in her long lines, she just seemed to live the part of "Red-headed, tempestuous Anne" to the letter and portrayed her in all her various moods like a professional star.

Miss Vera Voros, as "Marilla," played her part like a veteran actress. Words and gestures perfect, she and Elmer Skogge (as Matthew) carried the play through perfectly; Miss M. Voros (as Mrs. Lynne) and Miss Della Cotton (as Mrs. Blawie) assisting and doing their parts beautifully.

Lewisville district is proud of their aggregation of actors and congratulates the teacher and her players on their great success. As many people of the district have not seen the play they have consented to stage it at our school on the evening of June 29, with a dance after it. Everybody is welcome.

Believe It or Not

Winnipeg, Man., May 29.—In a recent "Believe It or Not" release it is stated that a railroad train is the safest place in the world, there being an average of one fatality for each 739,218,537 miles travelled. This spectacular record was not achieved overnight, but is the result of long experience in training men and improving equipment and appliances. Railway employees, state the Canadian National Railway, are one of the highest trained bodies of men in any industry and those in charge of the operation of trains are compelled to undergo medical examination at stated periods so as to insure their continued fitness for their duties.

KINSELLA KERNELS

Kinsella, June 11.—We are sorry to report that Miss Patsy Overbo was seriously injured on Tuesday last, when she was thrown from her horse.

Mrs. Jacobson and children of Settler are visiting Mr. and Mrs. John Beschell.

Mr. and Mrs. Wm. Kerns and Mrs. Ray Miller left by motor on Thursday for Portland, Ore. Mr. and Mrs. Kerns expect to spend several months visiting relatives and friends there, while Mrs. Miller is going to join her husband in Los Angeles, Cal.

Mr. Donald Cameron, of Merna, is visiting his brother, Mr. Lloyd Cameron, of Echo.

Mrs. Socolanko has joined her husband here. They have moved into the Surrey house.

Mr. and Mrs. D. Corbett are away on a two months' motor trip through British Columbia and Vancouver Island.

Messrs. Tom and Robert Cormack motored to Edmonton last week. Miss Ella Cormack returned with them for a few days' visit.

Mr. E. C. Williams left Monday morning for Edmonton on a business trip.

Miss K. Ferries spent the week end in Irma, the guest of Miss E. York.

Mr. Eddy of Vermilion, the Hudson Bay agent, spent several days on business in Kinsella last week.

Kinsella pupils who took part in the recital given by Miss York at Irma on Thursday, June 7th, were the Misses Vera Hajek, Frances Stronach, Violet Williams, Vinny Murray, George Lee, Ellen Thoreson and Kathleen Ferries.

The sympathy of the district goes out to the Thompson family of Sedgewick in the death of their daughter, Agnes, which took place in the Viking hospital on Saturday, June 9th.

Junior W.I. Organized

A number of girls met at the home of Mrs. Fletcher on June 2nd to organize a junior W.I. The Blue Birds and the officers are as follows:

President—Miss H. Hubman.

Vice-pres.—Miss E. Higginson.

Second vice-pres.—Miss P. Thurston.

Secretary-Treasurer—Miss B. Kitchen.

Directors—Mrs. M. Jones, A. Lovig, D. Drummond.

Auditor—Miss M. Thurston.

Supervisors—Mrs. J. Fletcher, Mrs. R. Martin.

All girls, 15 years and up, are extended a special invitation to join the club. Their next meeting will be held at the home of Miss Hubman on July 5, at 8 p.m.

The girls are putting on a Blue Bird tea and sale of home cooking on Saturday, June 23, in the old butcher shop. Come and give the girls a boost, they need your support.

The draw will be made for the blanket while you are having your tea cups read.

The girls have also organized a softball team and can they play ball! You should see the fielders catch the fragments!

Husband: "Where's those smelt I brought home last night?"

Wife: "I threw them away."

Husband: "Why?"

Wife: "Because of all the smelt I ever smelt, I never smelt smelt that smelt like those smelt smelt."

Minutes Kinsella M.D. Meet, of Monday, June 11th, 1934

Full council present.

Coun. Pendleton—That minutes be passed as read. Crd.

Statement of receipts and expenditures being read. Coun. Bowden—They be passed as read. Crd.

Coun. Pendleton—That council pay for funeral—\$60.00—of the late Miss A. Thompson, the same to be repaid by the Thompson family this fall. Crd.

Letter from department of public works being read. Coun. Murray—That council accept the offer of \$400 grant. Crd.

Coun. Bradley—That the \$400 be distributed as follows:

No. 1 division, \$100.00; No. 3 division, \$150.00; No. 5 division, \$150.00. Carried.

Coun. Pendleton—That the court of revision on wild lands be held at Kinsella at 1 p.m. on Monday, July 9th, 1934. Crd.

Correspondence from S. Lefsrud re hospital bills for Coe, Meeks, Wilkin, G. Stevens and Nellie Stevens being read. Coun. Murray—That secretary interview Mr. A. I. Miller regarding these accounts; also correspondence from Royal Alex, General hospital, C. G. Purvis, etc., was tabled for attention of secretary.

Mr. J. F. Murray having made application to erect 6 light poles from his garage to his residence, Coun. Bowden—Application be approved. Crd.

Coun. Overbo—That secretary insert notice in papers that the Tax Consolidation Act has been extended to include 1934.

NOTICE IS HEREBY GIVEN that the Tax Consolidation Act has been extended to 1934, and any ratepayer who wishes to Consolidate his or her taxes under the Tax Consolidation Act 1934 may make application to the secretary treasurer to do so, \$1.00 to be sent with the application, the same to be applied on taxes if application is accepted by council. The council wish it to be known that all lands that are subject to Tax Sale will be offered by public auction before the end of 1934, and that all ratepayers whose land is so subject are earnestly asked to immediately Consolidate their taxes so as to save unnecessary expense and also to take advantage of the liberal discounts which are allowed by the Tax Consolidation Act. Carried.

Coun. Bradley—That secretary interview Mr. A. I. Miller with a view to starting proceedings against Mr. A. Runnin for arrears of taxes on school land purchased by him. Crd.

Coun. Murray—That permission is hereby granted to the C.N. Ry. Co. to close the crossing of the east and west road allowance, north of section 23-46-11-4th. Crd.

Coun. Pendleton—That secretary sell the effects of the late Mr. Gus Bjorgness and to apply the proceeds against the monies paid out by district for his sickness and burial. Crd.

Coun. Overbo—That application of Mr. E. J. Kelly of Jarrow to sell soft drinks be approved. Crd.

Coun. Pendleton—That secretary be instructed to write to Hon. Mr. Hoedley regarding the expense incurred for operation on Miss Evelyn Whyte, protesting very strongly against having indigents paid by provincial government into this municipality, and the said indigents becoming a burden on the municipality. Crd.

Coun. Overbo—That the council pay to the Royal Alexandra hospital the sum of \$425.00 being payment in full of all accounts which the hospital hold against the municipality, (with the exception of the Meaton account), the said accounts to be handed over to the Municipal District. Crd.

Coun. Pendleton—That the bill for the burial of Carl Kostervik be tabled. Crd.

Coun. Bowden—That the following bills be passed for payment:

Community Press \$ 41.50

JARROW JOTTINGS

The crowd which gathered in Jarrow on sports day was not as large as usual owing to the inclement weather. Nevertheless, the booths of the board of trade and the ladies' aid did well financially. The dance in the evening was well attended in spite of the rain. The following baseball teams competed for the prizes: Red stars, of Irma; Coal Spring, Camp Lake and Sunrise school. The final game stood 13-11 in favor of the Red Stars. The teams played well, and their work was greatly enjoyed.

Owing to the rain the softball game between Jarrow and Kinsella was not played. The sports committee had provided several attractions but the weather interfered.

The sports day was an opportune time to renew old acquaintances, friends who had not met for years enjoyed pleasant chats which conveyed to memory reminiscences of the past.

The stores of Jarrow will be closed hereafter at 1 o'clock every Wednesday afternoon until harvest time.

Mr. M. Seller, of Edmonton, superintendent of the Pool Elevators for this division, was in Jarrow last week inspecting the elevator in charge of Mr. Allen Harper.

Mrs. Emma Luxton, of Innisfree, a former resident, is visiting old friends in Jarrow.

There is a rumor that Mrs. Jessie McCracken will leave for her old home in Scotland the latter part of this month.

Mr. James Miller is spending a few days visiting his wife's parents at Hay Lakes.

The Girls' club accompanied by Miss Bothwell and Mrs. Griffith, had a most enjoyable picnic at one of the lakes eight miles south of Jarrow. Games and a hike employed the afternoon. A pack of hungry girls did full justice to the bounteous spread of eats prepared for occasion.

Mrs. O. Marbury is a Jarrow visitor at the home of Mrs. Richard Marbury. Copious rains have fallen in the Jarrow district recently. This should encourage the farmers greatly.

BAILIFF'S SALE

IN THE MATTER OF THE School Assessment Act and in the matter of a seizure for taxes.

Under and by virtue of a WARRANT FOR DISTRESS given by the Irma School District No. 2435, and to me directed against the goods and chattels of EDWARD L. ELFORD, named in the said warrant, I HAVE SEIZED THE FOLLOWING GOODS, NAMELY:

One National Cash Register.

One filing cabinet (4 drawers).

Three large Auto parts rack with sections built in.

One Gasoline Tank.

One Tiensgar Battery Charger.

One Hudson Car (6 cylinder) 1927 model.

One Walker Jack.

One Sharp Paint Unit.

One high pressure Lubricator (portable).

Which I shall expose for sale on Friday the 22nd day of June A.D. 1934, at lots 7 and 8, block 6, Irma, Alberta.

Dated June 15th, A.D. 1934.

WILLIAM MASSON, Bailiff.

UNITED CHURCH NOTES

Services next Sunday will be at Passchendaele, Roseberry and town. The sermon topic is "Vital Values of the Cross." We extend a cordial invitation to all to avail themselves of one of these services.

We were delighted to have as visitors, Mr. and Mrs. Clara and Miss Palmer of Loughede. The two ladies sang a duet, "The Old Rugged Cross" which added greatly to the inspiration of the service.

We wish to say a word of thanks to the Girls' choir which has helped so much in leading the praise. We look forward to the resumption of the choir next September.

Richardson road machy, No. 1 15.00

F. Hajek, S. G. Whitford 12.50

L. Olson, S.G. Moore 18.48

L. Olson, S. G. Lutz 16.50

Ponoka Hospital, 15.00

Coun. Bowden—That meeting adjourn till 10 a.m. on Monday, July 9th, 1934, at Kinsella.

The secretary-treasurer of the M.D. of Kinsella, No. 424, will be in Jarrow on Monday, June 25th, at W. Boyd's store, from 11 a.m. till 4 p.m. B. H. GREEN, secretary-treasurer.

AVONGLEN NOTES

Miss Lucy Thompson has accepted a position with Mrs. R. D. Allen.

The strawberry festival under the auspices of the Passchendaele ladies, in aid of the piano fund, was a decided success and all report a pleasant time and a big feed.

Mr. and Mrs. R. L. Shotts and daughters, Margaret and Doris; Mr. and Mrs. S. M. New and Mrs. Whiteley and Mr. and Mrs. Carrington, Marion, Esdaile and Mr. Frank Carter were visitors at the circus at Vermilion on Wednesday, from Avonglen.

Harmony Juniors are holding their meeting at Avonglen school on Saturday, June 23. Mrs. Geo. Clay (nee Florence Allen) is giving a demonstration on beauty culture and hair dressing to the 'teen age girls, while the younger set will indulge in baseball and other games.

G. Christensen has been on the sick list with stomach trouble.

Minutes of Wainwright Hospital Board Meeting

The following are the minutes of the meeting of the trustees of the Wainwright municipal hospital, which was held on Saturday last with all members present.

Mr. M. H. Pugh having been appointed by the Gilt Edge M. D. council to fill the vacancy caused by the death of the late trustee, S. E. Wiley, took the oath of office and was seated on the board.

The vice-chairman called the meeting to order, and the minutes of the last meeting were read and adopted on a motion by Trustee Santee.

Nominations for the office of chairman was next in order, and Trustee Gardiner was elected to that position while Trustee Santee was elected as vice-chairman.

Moved by Trustee Santee—That the secretary reply to the board of utilities commission, explaining the situation re additional representation. Carried.

Moved by Trustee Santee—That the milk contract be renewed for one year with A. G. Wheaton and J. T. Alexander to supply milk to the hospital on alternate months at seven cents per quart for milk and twenty-five cents per quart for cream—Carried.

Moved by Trustee Pugh—That Form LF-22 as required by the bank be signed, authorizing the chairman and secretary to sign cheques, and in case of absence of the chairman the vice-chairman to sign in his stead—Carried.

Moved by Trustee Santee—That the insurance expiring on June 4th and 12th be renewed. Carried.

Moved by Trustee Santee—That matter of the agreement with the Grizzly Bear M. D. be left in the hands of the chairman to report at the next meeting of the board—Carried.

Accounts totalling \$1,126.45 were presented, and on motion by Trustee Sutherland these were accepted.

The report of the matron was presented as follows:

Female patients admitted 17

Male patients admitted 24

Discharged, female 18

Discharged, male 21

Still in hospital 10

Maternity cases 2

Infants born 2

Medical cases 20

Major operations 12

Minor operations 8

Deaths 2

Hospital days 406

Moved by Trustee Sutherland—That the matron's report be accepted. Carried.

Moved by Trustee Gould—That the house committee arrange for enlargement of the sewage disposal field—Carried.

Moved by Trustee Pugh—That the meeting do adjourn—Carried.

Thrifty Housewives Buy Quality

"SALADA" TEA

"Fresh from the Gardens"

That "Bought And Paid For" Idea

There is a curious persistence in the idea current in certain parts of Western Canada, that the older provinces of Confederation have proprietary interests in the prairie provinces by "rights of purchase".

Just recently, a storm which ranged West against East, broke in the House of Commons at Ottawa, when relief and other expenditures required by Western Canada were under consideration. During the discussion, the "bought and paid for" mentality was prominently in evidence, according to newspaper despatches. It appears inevitable that, when any expenditure which may be construed as exclusively Western, is mooted in the federal parliament, some member from one of the older provinces, impelled by this idea, seems bound to object on the ground that the prairie provinces are not entitled to further consideration—and terms such as "blood-suckers" are applied, indiscriminately and with reckless abandon, to governments and people of the West.

Forgotten in the heat of debate is the amazing part which the West has played in the material advancement of the Dominion. Forgotten, for the time being, is the gigantic contribution which the wheat-growing prairies have made to the wealth of Canada. Forgotten are the tremendous expenditures made, by the Dominion as a whole, for works, projects and purposes which may be construed as exclusively Eastern. Forgotten is the use made of the resources of the West in the building of great transportation systems of advantage to the whole of Canada. Forgotten is the influence of prairie purchasing power upon the industrial development of the East. Forgotten, too, is the fact that the West's present needs are due to the dire extremity of many of its people—a condition they certainly did not seek and did nothing to create. The "right of purchase" idea reigns paramount over all others when tempers are frayed and local zeal is in the ascendency. In one breath it is admitted that the prairie section has contributed more to the wealth of Canada in a specified period than any other component part of the Dominion. In the next, the prairies are branded as "blood-suckers", draining, as it were, the coffers of Canada which, by implication, apparently are filled solely by the contributions made by the older, Eastern provinces.

The idea, of course, has its roots in the historical charter granted by Charles II. of England, in 1670, to the Hudson's Bay Company, which conferred upon that company "rights in the territory tributary to the rivers draining into the Hudson Bay"—including property rights and rights of government. These rights the company exercised in the territory known as Rupert's Land for some two hundred years.

When, however, Confederation became an accomplished fact in 1867, the Canadian parliament, pursuant to the great vision of a united Canada stretching from ocean to ocean, initiated negotiations with the Imperial Government at London with a view to acquiring possession of the territory held under this charter by the Hudson's Bay Company. The British Government agreed to the request on condition that the arrangement entered into would not involve expenditures by the Imperial Treasury, and on the further condition that there should be no surrender of territory until the terms had been agreed upon.

Negotiations with the Company proceeded for two years, during which time it held out for a cash payment of \$300,000 (approximately \$1,500,000), as one of the terms under which it was prepared to relinquish its rights in the territory. The Canadian Government, then representing the original provinces of Confederation, borrowed the required sum on bond issues which matured in 1904. The money being paid, the Company surrendered its rights under the charter, and Canada stretched one and indivisible from the Atlantic littoral to the Pacific seaboard. That is the story, that the genesis of this "bought and paid for" idea which crops up, ever and anon, during debate in the federal parliament.

Obviously, \$1,500,000 is a ridiculously small sum against which to assess a claim of proprietary rights of purchase in the entire prairie section of Canada. It is ridiculously small not only in proportion to the wealth produced normally each year in the far-flung wheat field of the West. It is ridiculously small not only in proportion to the contribution made by the "purchased" territories to the aggregate wealth of the Dominion. It is ridiculously small in comparison with the annual expenditures made by the Western provinces to the revenues of Canada. That the idea should survive at all in the face of recent history is incomprehensible to Western minds. That it should be used to justify opposition to present claims of certain sections of the prairies for aid in their extremity, demonstrates not only the mental poverty of the objector, but a naive ignorance of obvious facts. Recent economic experience has proved that, instead of the East holding the West in fee, the reverse is closer to the truth.

Italy To Build Battleships

Three Large Fighting Ships To Be Built Under Washington Treaty

Italy will construct three large battleships, with general specifications similar to those of the French battleship *Dunquerque*, it was disclosed by naval officials.

The new vessels will be completed by 1940 and will cost about \$85,000,000. Their construction will be part of a program outlined by Premier Mussolini in an address before the chamber in which he stated that Italy proposes to utilize the 70,000 tons allowed Italy under the Washington treaty.

The premier estimated the expenditure will total 1,000,000,000 lire. This capital expenditure will be in addition to appropriations to modernize old battleships between now and 1940.

Life-Saving Ducks

Rallied Round Companion And Rescued It From Mud-Turtle

Many birds have a lot more sense than people give them credit for, according to a man from Minnesota. He tells, for instance, that last year he saw a lot of his ducks in a huddle in the middle of the little lake on his farm. They were setting up such a clatter that he took a rowboat and went out to see what was up.

In the centre of the huddle was a duck more than half under water being dragged down by a huge mud-turtle that had it by the foot. The other ducks were pressed as close as they could get in an effort to hold it up as long as possible, meanwhile sending out distress calls as best they could. A rescue was effected and the ducks disbanded.

Household Drudgery

The Bane of a Woman's Life

Nature intended women to be strong and healthy instead of weak and sickly, but how can a woman have good health when she has to go through the household drudgery without any relaxation. Is it any wonder she becomes nervous and irritable, has hot flashes, faint and dizzy spells, shortness of breath, sinking and smothering sensations, and can't sleep at night.

Women who are weak and run down will find in Milburn's H. & N. Pills a remedy to strengthen the system and bring back the much desired health.

World's Largest Flying Boats

Russia Leads With Britain Second And United States Third

Like everything else airplanes are becoming larger and more powerful. The honor of having the biggest goes to Russia.

The Russians have almost completed at Moscow a flying boat—it might be called a flying liner—to be named the "Maxim Korik". It will provide accommodation for 70 passengers, and will have a crew of six. It will have a moving picture "auditorium," and a room for developing photographs. The pilot will sit in a conning tower above the wings so that he will have an uninterrupted view. Great Britain furnishes the second largest, the "Sylla," which is almost ready. It will carry 39 passengers and a crew of five. Among other things it will have a smoking compartment.

The United States comes third with the S-42, built at Bridgeport, Conn., by the Sikorsky Company. It carries 32 passengers and a crew of five. It has a full-load range of 1,250 miles non-stop, and can also carry 1,000 pounds of freight.—St. Thomas Times-Journal.

"PERSONS NOT FAT LIVE LONGEST"

Eminent Physician Declares

In a recent lecture before the American Academy of Medicine, a prominent physician stated that persons who aren't fat live the longest.

Common sense confirms this. Insurance companies often reject overweight folks, or charge higher premiums on account of the risk. Fat crowds and weakens body organs—it slows you down and puts unnecessary strain on the heart. A host of ailments (even rheumatism, acidity, shortness of breath and lassitude) are often associated with fat.

So get rid of this dangerous, unhealthy fat. There's no reason why you shouldn't, when science has given you this safe, effective treatment—a half teaspoonful of Kruschen Salts in a glass of hot water first thing every morning.

This healthful "little daily dose" of Kruschen keeps the system free from harmful toxins, it helps to re-establish normal and proper body functioning—it keeps you feeling fine and fit all the time. Energetic activity takes the place of sluggish indolence all while you lose excess fat gradually and without discomfort.

Vaccine For Tuberculosis

New Preparation Being Tested On Cattle In Ireland

Experiments to find a cure for tuberculosis in cattle continue in various parts of the world. The Spahlinger vaccine, of which much was heard two or three years ago, is still undergoing tests, the most recent of which have been made in Northern Ireland under official auspices. The calves vaccinated with the Spahlinger preparation have survived the injection of heavy doses of tubercle infection and are thriving, while untreated calves have succumbed.

As the United Kingdom is now embarking on a national campaign to clean up her dairy herds and to eradicate tuberculosis, the final results of the Ulster trial seem likely to offer an economical and practicable means of immunising dairy cattle against tuberculosis and gradually ridding the country of a scourge which is costly to public health and farmers.

Dwarfs Holding Congress

Likely To Take Place In Budapest Next Year

Fired by the Nazi doctrine of racial purity, dwarfs of Hungary have formed a National Union of Hungarian Dwarfs and have invited all the dwarfs of the world to a Dwarf Congress which is to be held, probably in Budapest, next year. Their creed is to "preserve the purity of the dwarf race," to forbid marriage with normally-sized people, and to demand lower fares and smaller houses for all tiny folk. Their leader, their Hitler, is said to be 30 inches tall.

Invention For Radio Fans

Dr. Nevil M. Hopkins, of New York University, is the inventor of a new electrical device which he claims will revolutionize the radio broadcasting industry. He calls it the "televotes" and by use of this instrument, a listener-in on a broadcast can, by pressing a button, immediately transmit to the station his reaction to the program being presented.

All tree squirrels make nests of twigs and leaves among tree branches.

Fulfilling Father's Hopes

Captain Scott's Son Makes Study Of Natural History

Twenty-two years ago Captain Scott, one of the greatest English explorers of all time, lay dying in a tent in the Antarctic.

The last letter he wrote was to his wife. He spoke of their infant son Peter. "Make the boy interested in natural history if you can," he said. "It is far better than games."

Peter Scott is 24 now. He has fulfilled his father's hopes. Recently he opened in Bond street, London, his second exhibition of paintings of bird life.

The grey light of dawn is there; so are the mudflats, the sinuous creeks, the ebb of the tide, and eerie, plaintive noises. The curlew calls; you can hear the piping of awakening redshank and stint. Grey geese rise V-shaped into the sky and flight shoreward to the fresh marshes of the mainland.

It is a world of thrills to the mere wildflower. It is a world of exquisite joy to the wildflower-naturalist, which is what Peter Scott has become.

He shoots little now, as he said recently, but night and day, the winter through, lies in a scooped-out hole in the Wash, or huddles in a pit in the salt marshes, waiting to catch the nesting visions he has captured in paint.

The Grasshopper Campaigns

Provincial And Federal Organizations To Deal With Menace

The Canadian Insect Pest Review for May of the Dominion Entomological Branch in the 1933 summary of insect outbreaks of that year states with reference to grasshoppers that control campaigns involving the use of poisoned baits were actively carried out in most areas, and, despite many difficulties, resulted in the destruction of vast numbers of grasshoppers and the material saving of crops. In July and August, extensive dispersal flights of grasshoppers occurred in many parts of the infested region. As a result, practically all of the open prairie land of the three Prairie provinces is now involved and the areas of severe infestation have been considerably extended, except in Eastern Manitoba where there was an encouraging reduction. It is expected that during 1934 the outbreak will be even more intense and destructive than that of 1933, and consequently Provincial and Dominion authorities are organizing a comprehensive campaign to deal with it.

Dredging For Gold

Work To Be Started On Yugoslav-Rumanian Border

Modern miners are to attempt to dredge the River Pek on the Yugoslav-Rumanian border, on the bed of which gold has been collecting for more than 2,000 years. Up this river season after season, the waters from the Black Sea, and the Golden Fleece of their quest is no legend today, for the peasants of the Pek River Valley steep sheepskins in the water and after a few weeks pull out golden fleeces, the alluvial gold brought down from the mountains by the water having settled in the wool. It was here that Alexander found all the gold for his expedition in 328 B.C. Firms of many nations have made bids to supply the dredging machinery and the operations are expected to be extensive.

A Closely Guarded Secret

Germany is closely guarding its experiments with radio-controlled airplanes. It is reported that successful flights were made by a machine entirely without a crew, direction being entirely by radio. The tests were made under greatest secrecy, and officials refuse to divulge any information.

"Too bad about Jane and the man she's engaged to. Neither one of them is good enough for the other. Where did you get that idea?" "I've been talking the matter over with both families."

The world is wide, but there are lots of narrow people in it.

Still Works At Ninety

Blacksmith Not Idle Even If Son Runs Business

Partnership of Kemp and Son, village blacksmiths at Worthington, England, has been, to quote the official notice, "dissolved by mutual consent," but a man who worked hard as a blacksmith even in his nineteenth year will not be altogether idle. It was not lack of business that caused the firm to dissolve. Far from it, but simply that Samuel Kemp was 90 and came to the opinion that his boy, James, was old enough to carry on. Samuel Kemp, however, does not intend to retire, "because," he says, "you can't trust these boys." He has finished 78 years continuous work at the forge. Up to the time the official notice of the dissolved partnership was published he used a sledge hammer. Next day he was soldering kettles.

Canada's Agricultural Revenue

Decrease Last Year Of Over Four Million From Previous Year

The total gross agricultural revenue of Canada for 1933 is estimated at \$762,302,000 as compared with revised estimates of \$766,794,000 for 1932, and \$836,114,000 for 1931. This represents a decrease of \$4,492,000, or 0.6 per cent, from 1932. There are increases in the revenue from farm animals, wool, dairy products, fur farming, honey, clover, and grass seed, and decreases in the revenue from field crops, fruits and vegetables, poultry and eggs, maple products, tobacco, and flax fibre. The greatest increases are from farm animals and dairy products, while the biggest decreases in revenue are shown in field crops and poultry and eggs.

Greatly Increased Riches

Higher Gold Price Made Vast Difference To Indian Prince

It is due largely to President Roosevelt that an Indian prince, the Nizam of Hyderabad, is much richer than he was a year ago. Locked up in his strong-rooms is a vast store of gold in coin and bullion. Early last year its value was estimated at \$500,000,000. Since then the price of gold has increased about 60 per cent as a result of the action of the United States in fixing a higher price for gold. The Nizam's hoard is now estimated worth \$800,000,000.

Has Regular Zoo

Pity the prowler who breaks into the room of Kenneth Johnson, University of California student. Johnson, who aspires to be a zoo keeper, keeps eight snakes, a black widow spider, and a Gila monster in his bedroom. His pets have the run of the bedroom. Johnson studies the best way to make them happy, and improve their intelligence by running them through mazes.

Good Friend To Horses

When Policeman M. Elwood prosecuted John Hill, a grocer, for cruelty to a pony it made the 1013th equine he had befriended in court. Elwood has been on the London force for 20 years. A lover of horses, he watches for cases of cruelty and brings the offenders before the law.

Dreams Of A Startling Future

Nicola Tesla On Verge Of Announcing New Discoveries

It is all very hazy, of course, but when Nicola Tesla says he "is on the verge of announcing a new invention of incalculable benefit to the world," the world is warranted in sitting up and taking notice. For the wonders that Tesla has performed in the past are to be considered as an indication of the wonders he may perform in the future. The Italian genius says he is prepared to startle the world with four new inventions which are likely to provide him with many millions. With these millions he will proceed to put some of his earlier discoveries on a commercial basis. Chief among these, we take it, he rates the transmission of power by wireless. . . . Tesla remarks that with his discovery put on a commercial basis, the flying machine of tomorrow, freed from the gasoline motor, will have unlimited cruising ranges by drawing on transmitted power. And, of course, that would be only one of many possible wonders. Electricity reduced to terms of power already enters into our daily lives in so many forms that the field awaiting development of Tesla's wireless power transmission is practically without limit. So, although, as we said at the outset, the Tesla announcement is somewhat hazy, it is clear enough to start vivid dreams of a startling future. — Buffalo Courier.

Belgium Looking To

Her National Defence

Joins Countries Who Have Given Up Disarmament Idea

Add Belgium to the list of countries, large and small, which have abandoned all talk of disarmament and are concentrating on the reverse. In Belgium the chief political issue just now seems to be the exact nature of the policy of national defence which shall be adopted. Within the past year and a half this small power has spent no less than \$50,000,000 defending its German border. Thus Europe marches toward the ideal of bigger and better armaments. It may in the end mean death to a great many, but in the meantime, it is at least helping the armament concerns to maintain production at a satisfactory high level.

Islands in a river, unless travelled by rock outcrops, are continually trawling downstream as the current cuts at the upstream end of the island and deposits at the other end.

There never yet was a sermon that beat a good example.

Main Street

The June meeting of the Women's Missionary Society is being held on June 21st at the home of Mrs. Arnold. All ladies are cordially welcome.

Messrs. Harry and John Halverson left for Alaska, Sask., on Sunday to attend the funeral of their mother at that place.

Mrs. H. W. Love left Saturday evening for Burlington, Ontario, and other Eastern points. Mrs. King plans to return with Mrs. Love.

We are glad to hear Mr. D. H. Currie returned home from the hospital in Edmonton on June 3rd.

Mr. Hammond, of the C.N. staff was transferred to Edmonton this week and Mr. Van Dyke is replacing him.

Mr. R. M. Harper was a visitor in Irma last Friday. We are always glad of a visit from the old timers of pioneer days.

The Ladies' Aid garden party has been called off and at a hurried executive meeting it was decided to hold a supper in the former butcher shop building, on Saturday, June 16th.

Friends and neighbors extend sincere sympathy to Mrs. James Fenton in the rather sudden loss of her mother, Mrs. C. A. Magee, of Stettler.

Mrs. Sidney Simmons is a patient in one of the Edmonton hospitals, and although there is no definite word, it is understood she is making average recovery from a recent operation. We extend best wishes.

Irma has been visited with some lovely rains lately and as one man expressed it, "It is surely good to be in the country these days."

The regular meeting of the W.A. will be held at the home of Mrs. Geo. Higginson on Tuesday afternoon, June 19th. All members and friends are cordially invited to help lay plans for the garden party to be held at Mr. Thurston's on June 27th.

The sad news of the death of Mrs. S. Wyand, at Heward, Sask., on June 12th, has been received by her daughter, Mrs. V. Hutchinson. Irma citizens will remember that Mr. and Mrs. Wyand spent a year here with their daughter. Mrs. Hutchinson has the sympathy of the whole community in her bereavement.

Mr. E. Huffman, the old horse lover, was caught out in a very bad hail storm last Thursday, while seedling. During the storm's progress, he landed about three quarters of a mile away, in a bluff, and managed to get his horses unhitched. He was pretty well pleased, however, that he just received a good soaking and found a few chains less on his drill.

Municipal District of Buffalo Coulee, No. 453.

NOTICE IS HEREBY GIVEN that, under the provisions of The Tax Recovery Act, 1929, the Municipal District of Buffalo Coulee No. 453, will offer for sale by public auction, at Saltaux School on Saturday, the 14th day of July 1934, at 3 o'clock in the afternoon, the following lands:

Wedding Bells

FENTON—FITZPATRICK

A very pretty wedding was solemnized between Miss Myrtle Fitzpatrick and Mr. Gordon Fenton, at the residence of Mr. and Mrs. James Fenton on Tuesday afternoon, June 12th. Miss Myrtle Fitzpatrick is the second daughter of Mr. and Mrs. R. S. Fitzpatrick, of Holyoke, Alberta.

The bride descended the stairs on the arm of her father, who gave her away, and made a lovely picture dressed in white silk georgette with silk lace insets with bridal veil embroidered in silk and held in place with a wreath of orange blossoms. She carried a bouquet of carnations in three shades of pink, and was accompanied by her sister, Miss Edith Firs, who made a charming bridesmaid dressed in pink allsilk flat crepe with cream lace insets.

The groom, Mr. John Gordon Fenton, who was supported by his brother, Stuart Fenton, is the second son of Mr. and Mrs. James Fenton, residents of the Irma district for 27 years.

The house was tastefully decorated with wild roses, huge vases of flowers from the Peterson Gardens, white wedding bells, and pink and white streamers coming down to the dining table centred with a lovely four-tier cake.

The guests, which numbered 55, at this unique home wedding, were: Mr. and Mrs. R. S. Fitzpatrick, Miss Edith and Mr. Wm. Fitzpatrick, and Master Ivan, of Holyoke, Alta.; Mr. and Mrs. Ralph Dunlop and Mavis and Orville, of Thorby, Alta.; Mr. and Mrs. Wm. Sutherland and daughter, Lucille; Miss Ada Knudson, Mrs. Jessie Abram, Mr. and Mrs. J. D. Campbell, Mrs. Ed. Armstrong, Miss Lillian Whitty, all of Edmonton; Mr. and Mrs. A. H. Locke and son, Ray; Mr. and Mrs. N. S. Johnson and son Garth; Mrs. C. T. Hill, Miss Mary Kibel, Miss Phyllis Thurston, Miss Mable Enger, Miss Rena Fenton, Mr. Stuart Fenton, Mr. and Mrs. Martin Enger and daughter, Joy; Mr. and Mrs. Eldon Fenton and daughters, Elfreda, Eldred and Sylvia; Mr. and Mrs. E. W. Carter and sons, Clarence, Allison, Ernest, Keith and Colin, and Mr. Edwin Sanders.

Rev. M. L. Wright, a friend of the groom, of long standing, former pastor of Irma and now of Paradise Valley, Alta., officiated.

Mrs. Dunlop played the wedding music and during the signing of the register, Mrs. Locke sang "O Promise Me," accompanied by her son, Ray.

Mr. and Mrs. Fenton left amid a shower of confetti, rice, wheat and good wishes, for a motor trip to Calgary, Banff and other southern points, and on their return will reside on the groom's farm, five miles east of Irma.

Following the wedding, Rev. Mr. Wright officiated at the baptism of the infant daughter of Mr. and Mrs. Eldon Fenton, Sylvia Isabell.

CLAY—ALLEN

Florence I. M. Allen and George Elmer Clay Jr. were united in marriage on Tuesday, June 5th, by the Rev. Harry Peters, at Lavoy, Alberta.

After a delightful wedding supper at the home of Mr. and Mrs. Tuck (friends of the groom), the bridal couple left for Edmonton, where they took in the Junior U.F.A. conference at the University, from Wednesday to Saturday inclusive. Mr. Clay is a Junior U.F.A. director for Battle River. They left for Banff, Lake Louise and other points where they will spend their honeymoon. On their return, after spending a few days at Avonlea, the happy couple will make their home at Paradise Valley where the groom is engaged in farming.

The bride's gown was of eggshell crepe, trimmed in gold lace; her travelling outfit consisted of grey felt hat with touches of blue trimming; grey coat and shoes and accessories to match.

The success of low cost all-expense tours in the Canadian Rockies instigated by Canadian Pacific Railway last summer has prompted the company to repeat these four, five and six-day trips during the coming summer. Each trip affords 126 miles of motor-ing, and can be made either east-bound from Field, B.C., or west-bound from Banff, Alberta, at the convenience of passengers.

A. C. Leighton, R.B.A., president of the government art college at Calgary, who will again this summer hold his summer art school for students from the Province of Alberta at the Kananaskis Dude Ranch, near Banff, has picked a location surrounded by the most magnificent of Rocky Mountain scenery.

The skunk is not the king of the woods, said George Corsan, naturalist, addressing the Kiwanis Club at the Royal York Hotel recently. "Hold him up by his tail," said Mr. Corsan, "and he will become innocuous." He didn't tell the Kiwanis if he had actually accomplished this feat.

Toronto got its full measure of music-makers lately when the most famous bandmasters of the continent assembled at the Royal York Hotel for their annual convention. Captain Charles O'Neill was the president and they came from all parts of the United States and Canada.
